

Policy on gifts and additions to diocesan properties

Approved by the Council of Trustees July 17, 2001

Individuals or groups wishing to make gifts for use on properties owned by the Diocese of Kansas are to notify the Council of Trustees of this intent for approval of the gift or addition. This notification should include a full description of the gift or addition, including photographs, brochures, or architectural drawings wherever possible.

The Council of Trustees, as the “interim governing body” of the Diocese of Kansas when the Convention of the diocese is in recess, has full authority for the approval of such gifts or additions.

All such gifts or additions are expected to add to the atmosphere and functionality of the specified property.
